

Chuck Lura, Dakota College at Bottineau science professor, worked with educators during a workshop held at the school.

DCB instructors spend the day helping high school teachers

Dakota College at Bottineau recently hosted a NCEC professional education workshop and the school's instructors were teaching teachers.

The workshop was sponsored and funded through a collaboration of Dakota College at Bottineau, the WET project and Succeed 2020, a program created with a \$25 million investment from Hess Corp. Succeed 2020's overall objective is the successful transition from school to college and careers for all North Dakota students.

Shelly Hoerer NCEC Professional Development Director comments on the opportunity to work with DCB, "It is always a pleasure to collaborate with the DCB in not only allowing us to facilitate our workshops on campus but also being able to collaborate and have such wonderful instructors work with our local regional teachers. The resources are invaluable to the NCEC organization and the educators in our area."

High school and elementary school teachers were invited to learn hands-on teaching techniques in science.

Educators from St. John, Westhope, MLS - Mohall, Lansford, Sherwood, TGU Granville, TGU Towner, Bottineau and Drake - Anamoose attended. Michelle Pigeon, Bottineau, "I really appreciate the workshop today. The information was very valuable and it was great to come back with the actual resources!"

Angie Bartholomay, Larry Brooks and Chuck Lura, DCB instructors taught the workshops. The instructors delivered

lessons from the WET project tying in ND state standards in Science, Math and English Language Arts.

Larry Brooks, Dean for Academic Services felt the day was successful, "I enjoyed working with the teachers during the workshop. They were eager to learn about the role of macroinvertebrates is assessing water quality and were actively engaged in the lab exercises. I look forward to the opportunity to offer additional environmental education teacher workshops."

Activities performed with the

teachers included:

- Macro-invertebrate Bio-assessment of a stream to determine water quality

- Modeling Bio-assessment to learn monitoring techniques in the classroom before doing field monitoring

- Microscope Use – teachers were given microscopes to take with them to use in their classrooms

- Water-cycle graphing activity

Technology was incorporated into the day by using iPads to conduct an activity to graph results from the activities.

Court News

The following cases were disposed of in Bottineau County District Court. The dollar amount listed includes bond forfeiture and administrative fees paid.

Actual Physical Control of a Vehicle while Under the Influence of Intoxicating Liquor

Sheri Jene Johnson, 34, Minot, \$750, sentenced to 10 days in jail, 10 days suspended, and placed on unsupervised probation for 18 months, and ordered to obtain an evaluation.

Issuing Check or Draft Without Sufficient Funds or Credit

Sheri Jene Johnson, 34, Minot, 3 counts, \$33.21, ordered to pay restitution of \$132.82.

Criminal Attempt

Leslie Raymond Allery, 37, Bismarck, sentenced to 60 days in jail, 33 days suspended, 27 days credit for time served and placed on unsupervised probation for 18 months, and ordered to pay \$1548 in restitution.

Assault

Ruben Joe Cruz, 33, Bottineau, \$525, sentenced to one year in Department of Corrections and Rehabilitation, 328 days suspended, and 33 days credit for time served, and placed on supervised probation for 2 years and ordered to obtain an evaluation, ordered to pay restitution of \$1282.80.

Care Required in Operating a Vehicle

Hang it on the cross

Zion Lutheran of Towner invites all to the prayer session, "Hang It on the Cross." A quiet prayer center will be open from 5-8 p.m. in the Fellowship Hall at 107 4th Avenue SW on Tuesday, March 15. Each participant is encouraged to pray regarding their interests and needs, their thankfulness and for the health, wholeness and appreciation for each in the community and in the world.

There is no charge. It is an ecumenical event. Printed Psalms and prayers will be available, however, each participant is welcome to bring one's own prayer book and or rosary, etc. Prayer will be silent and individual. Christians believe that Christ is in our midst, being ever-present. Take some time on March 15th to speak with and to listen to Christ.

The theme of the prayer time is "Hang It on the Cross" based on the poem written by Lisa Engelhardt.

Zion Lutheran is planning a display of crosses in the Fellowship Hall. If you have a cross to loan to this display, please bring it to Zion Lutheran between March 2nd-9th. A booklet will be written including your story about your cross and others' stories, so please share information regarding your special cross. Write and sign your notes about your cross and leave them at the secretary's office. Otherwise leave a message at the secretary's office with your name and telephone number so that someone from Zion Lutheran may call you.

It is written in 2 Chronicles 7:14, "If My people, which are called by My name, shall humble themselves and pray and seek My face, and turn from their wicked ways then will I hear from heaven and will forgive their sin and will heal their land." With this promise in mind, make "Hang It on the Cross," a time of prayer, a beginning to your prayer journey.

Many have good intentions. March 15th is an opportunity to go one step further. Convert intentions to realities. Use March 15 from 5-8 p.m. as a time to pray. For more information contact Zion Lutheran at 701-537-5711 or 701-537-5654.

Coffee and cookies will be served in the Fireside Room from 5-8 p.m.

Aggie #10 Snad vadaa in Bottineau during the Raider's semi-final game against Velva, which secured their tickets to this year's Regional Tournament. The Raiders will face Sawyer in Monday's night championship round. (Photo by Dorothy Martwick)

Tritt will take the stage at the Velva Saddle Club on July 9th. Early bird ticket sales will be held from March 18th - April 3rd for \$35. Tickets will then be on sale until the day before the concert for \$40, and on the day of the event for \$45. Watch for updates on midsummernightsjam.com and [Facebook.com/MidsummerNightsJam](https://www.facebook.com/MidsummerNightsJam).

Teachers teaching teachers at workshop

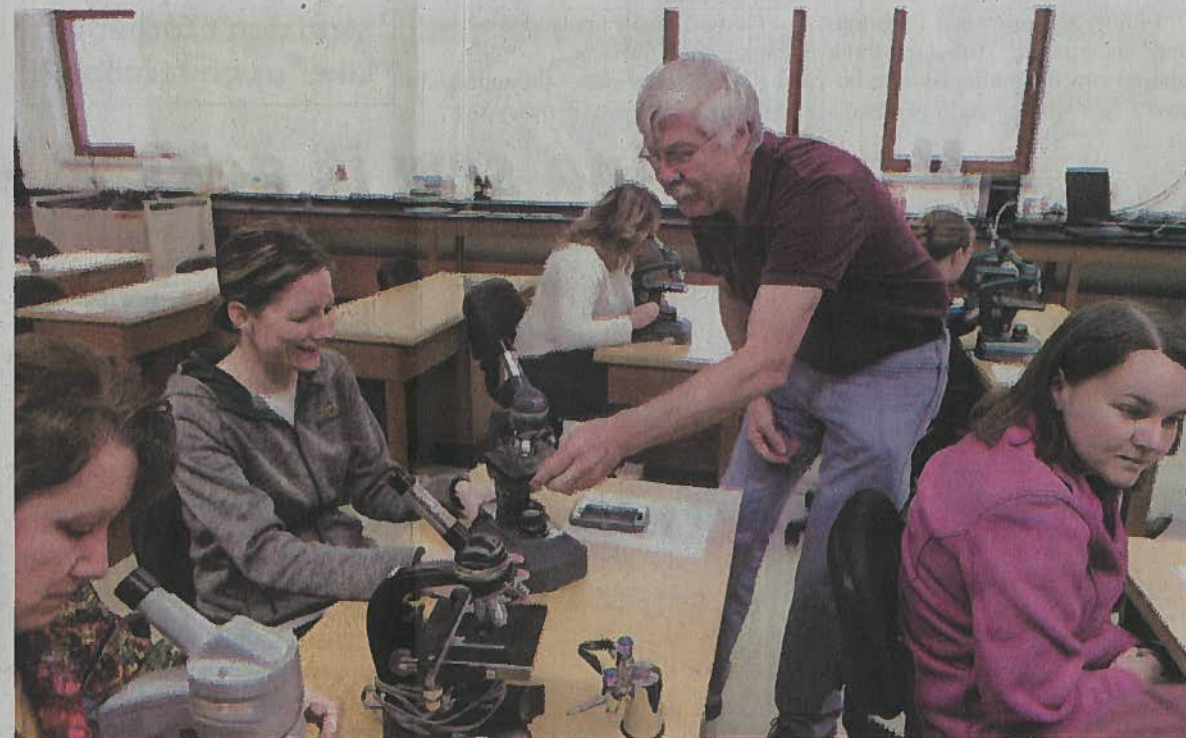

Bottineau, N.D. - High school and elementary school teachers were invited to participate in hands-on teaching techniques in science at a recent professional development workshop coordinated through North Central Education Cooperative (NCEC).

Educators from St. John, Westhope, MLS (Mohall, Lansford, Sherwood), TGU-Granville, TGU-Towner, Bottineau and Drake-Anamoose gathered at Dakota College at Bottineau (DCB) where they learned engaging strategies they can use to incorporate N.D. state standards into their classroom lessons.

Michelle Pigeon, Bottineau Middle School teacher, said, "I really appreciate the workshop today. The information was very valuable and it was great to come back with the actual resources!"

Angie Bartholomay, Larry Brooks and Chuck Lura, DCB science instructors, taught the workshops. The instructors delivered lessons from Project Water Education for Teachers (WET) tying in N.D. state standards in Science, Math and English Language Arts.

Larry Brooks, Associate Dean for Academic Services, felt the day was successful. "I enjoyed work-

Living Stations of the Cross at St. Cecilia

Living Stations of the Cross will be conducted Friday, March 11th at 7:00 PM at St. Cecilia.

On Friday, March 11th at 7:00 PM at St. Cecilia Church, the students from Our Lady of Grace Church in Minot will be in Towner to conduct the Living Stations of the Cross.

During this sacred event, students will act out the moments that led to the crucifixion of Jesus Christ. In the Church, these are known as the 14 Stations of the Cross. These students conduct the Stations in many Churches in the area during the season of Lent.

In the early centuries of the Church, civilization had not spread too far from the area

of the Holy Land, and all would make a pilgrimage to the Holy Land to walk the "Via Dolorosa" in Jerusalem. As civilization started spreading throughout the world, it was inconvenient or impossible for some to make the pilgrimage to Jerusalem.

During the Turkish occupation of the Holy Land in the late Middle Ages, when pilgrims were prevented from visiting its sacred sites, the custom arose of making replicas of those holy places, where the faithful might come to pray. One of the most popular of these devotions was the Stations of the Way of the Cross, which were imitations of the "stations", as we know them today, were erected in all Catholic Churches.

St. Alphonsus Liguori wrote: "The pious exercise of the Way of the Cross represents the sorrowful journey that Jesus Christ made with the cross on His shoulders, to die on Calvary for the love of us. We should, therefore, practice this devotion with the greatest possible fervor, placing ourselves in spirit beside our Savior as He walked this sorrowful way, uniting our tears with His, and offering to Him both our compassion and our grief."

All people of faith are invited and encouraged to attend as we continue our time of 40 days and 40 nights in the wilderness with Jesus Christ awaiting His glorious Resurrection of Easter. You won't be disappointed.

Annual Beardstock music festival to be held in Minot March 12th and 13th

Whether you're intentionally growing a beard, or have just forgotten to shave for the winter months, Minot's 8th annual Beardstock music festival is the time for your facial hair to finally get the recognition it deserves. Beardstock will be held March 12th and 13th at the Holiday Inn Riverside and is aimed at spreading awareness about homelessness in its various forms both locally and nationwide. "Homelessness is an issue that comes in many forms and what a beautiful opportunity we have with Beardstock to shed light on the topic," said Dan Hansen, event founder and coordinator. "We hope people will come for the music and leave wanting to make a change, to make our community more awesome than it already is."

Admission for the music festival is \$10.00 for Saturday, \$15.00 for Sunday, or \$20.00 for the weekend, and all ages are welcome. Military and Minot State students will receive \$5.00 off toward the price of admission for participating in the beard or mustache competitions. Tickets can be purchased at Jacobsen Music in Minot or at itickets.com. Proceeds from ticket sales will benefit The

Homeless Coalition and the Greater Minot Youth Concert Association.

Tickets include admission to the beard and mustache contests, fake beard and mustache contest for women, children, and hairless men. A rib eating contest is also included, as well as many napkins and a shirt for participating in the event. Music will be performed throughout the day on Saturday and Sunday and free food will also be provided. Additional attractions include inflatables, a boxing ring, glitter tattoos, on-sight screen printing, a photo booth, pictures with Star Wars characters, local vendors, and a cornhole tournament.

Both local and nationally known talent is scheduled throughout the event. Artists include: Disciple, Decyfer Down, Seventh Day Slumber, Children 18:3, and Spoken. The event will also feature: Kody Ternes Music, Wild Hands, Luke Dowler, and Kids with Beards.

For more information about the event or for inquiries regarding sponsorship contact minotndconcerts@gmail.com or danrocktheleaves@gmail.com.

Minot State University hosting Science Olympiad on Monday, March 14th

The Division of Science is hosting a regional Science Olympiad Monday, March 14th on the Minot State University campus from 8:30 a.m. until 4:00 p.m. Middle school and high school students from area schools will participate. Team registration is in Ann Nicole Nelson Hall at 8:00 a.m.

"Minot State's Science Olympiad is one of five regional events in North Dakota, and the winners advance to state competition in April," said Robert Crackel, MSU chemistry associate professor and Science Olympiad regional coordinator.

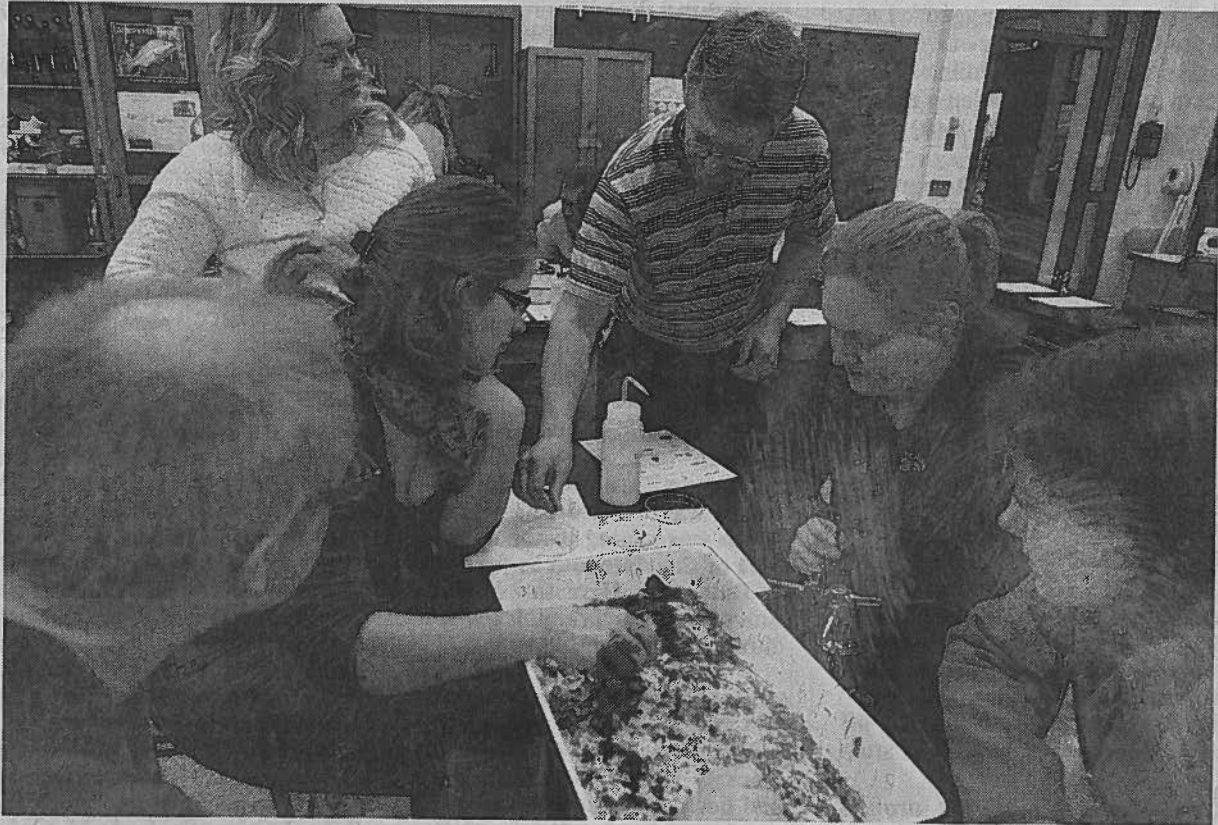

To date, 10 B-division teams and 13 C-division teams have signed up. Twenty sessions are planned for each

group. The schools include Bishop Ryan Catholic School, Des Lacs - Burlington Elementary, Des Lacs - Burlington High School, Drake-Anamoose High School, Erik Ramstad, Garrison High School, Glenburn Public School, Jim Hill Middle School, Leeds School, Minot High-Magic City Campus, Minot High-Central Campus, Nedrose Middle School, Nedrose High School, Rugby High School, Surrey High School, and Velva Public School.

For questions, contact Crackel at 858-3852 or robert.crackel@minotstateu.edu or JoAnn Schapp, Bishop Ryan Catholic School science teacher and Science Olympiad regional coordinator, at joschapp@brhs.com.
